

Patient's details

Please complete in BLOCK CAPITALS and tick as appropriate

Mr Mrs Miss Ms Surname
 Date of birth: | | | | | | | | | | First names
 NHS No. | | | | | | | | | | Previous surname/s
 Male Female Town and country of birth
 Home address

 Postcode Telephone number

Please help us trace your previous medical records by providing the following information

Your previous address in UK Name of previous doctor while at that address

 Address of previous doctor

if you are from abroad

Your first UK address where registered with a GP

If previously resident in UK, date of leaving Date you first came to live in UK

if you are returning from the Armed Forces

Address before enlisting

Service or Personnel number Enlistment date

if you are registering a child under 5

I wish the child above to be registered with the doctor named overleaf for Child Health Surveillance

if you need your doctor to dispense medicines and appliances*

I live more than 1 mile in a straight line from the nearest chemist
 I would have serious difficulty in getting them from a chemist
 *Not all doctors are authorised to dispense medicines

Signature of Patient Signature on behalf of patient Date: ____/____/____

NHS Organ Donor registration

I want to register my details on the NHS Organ Donor Register as someone whose organs/tissue may be used for transplantation after my death. Please tick the boxes that apply.

Any of my organs and tissue or
 Kidneys Heart Liver Corneas Lungs Pancreas Any part of my body

Signature confirming my agreement to organ/tissue donation Date: ____/____/____

For more information, please ask at reception for an information leaflet or visit the website www.uktransplant.org.uk, or call 0300 123 23 23.

NHS Blood Donor registration

I would like to join the NHS Blood Donor Register as someone who may be contacted and would be prepared to donate blood.

Tick here if you have given blood in the last 3 years

Signature confirming consent to inclusion on the NHS Blood Donor Register Date: ____/____/____

For more information, please ask for the leaflet on joining the NHS Blood Donor Register
 My preferred address for donation is: (only if different from above, e.g. your place of work)

Postcode: _____

SUPPLEMENTARY QUESTIONS

PATIENT DECLARATION for all patients who are not ordinarily resident in the UK

Anybody in England can register with a GP practice and receive free medical care from that practice. However, if you are not 'ordinarily resident' in the UK you may have to pay for NHS treatment outside of the GP practice. Being ordinarily resident broadly means living lawfully in the UK on a properly settled basis for the time being. In most cases, nationals of countries outside the European Economic Area must also have the status of 'indefinite leave to remain' in the UK. Some services, such as diagnostic tests of suspected infectious diseases and any treatment of those diseases are free of charge to all people, while some groups who are not ordinarily resident here are exempt from all treatment charges. More information on ordinary residence, exemptions and paying for NHS services can be found in the Visitor and Migrant patient leaflet, available from your GP practice.

You may be asked to provide proof of entitlement in order to receive free NHS treatment outside of the GP practice, otherwise you may be charged for your treatment. Even if you have to pay for a service, you will always be provided with any immediately necessary or urgent treatment, regardless of advance payment.

The information you give on this form will be used to assist in identifying your chargeable status, and may be shared, including with NHS secondary care organisations (e.g. hospitals) and NHS Digital, for the purposes of validation, invoicing and cost recovery. You may be contacted on behalf of the NHS to confirm any details you have provided.

Please tick one of the following boxes:

a) I understand that I may need to pay for NHS treatment outside of the GP practice
 b) I understand I have a valid exemption from paying for NHS treatment outside of the GP practice. This includes for example, an EHIC, or payment of the Immigration Health Charge ("the Surcharge"), when accompanied by a valid visa. I can provide documents to support this when requested
 c) I do not know my chargeable status

I declare that the information I give on this form is correct and complete. I understand that if it is not correct, appropriate action may be taken against me.

A parent/guardian should complete the form on behalf of a child under 16.

Signed:	Date:	DD MM YY
Print name:	Relationship to patient:	
On behalf of:		

Complete this section if you live in another EEA country, or have moved to the UK to study or retire, or if you live in the UK but work in another EEA member state. Do not complete this section if you have an EHIC issued by the UK. **NON-UK EUROPEAN HEALTH INSURANCE CARD (EHIC), PROVISIONAL REPLACEMENT CERTIFICATE (PRC) DETAILS and S1 FORMS**

Do you have a non-UK EHIC or PRC?	YES: <input type="checkbox"/> NO: <input type="checkbox"/>	If yes, please enter details from your EHIC or PRC below:
 <p><i>If you are visiting from another EEA country and do not hold a current EHIC for Provisional Replacement Certificate (PRC/S1), you may be billed for the cost of any treatment received outside of the GP practice, including at a hospital.</i></p>	Country Code: <input type="text" value="GB"/>	
	3. Name	
	4. Given Names	
	5. Date of Birth	
	6. Personal Identification Number	
	7. Identification number of the institution	
	8. Identification number of the card	
	9. Expiry Date	
	PRC validity period (a) From:	

Please tick if you have an S1 (e.g. you are retiring to the UK or you have been posted here by your employer for work or you live in the UK but work in another EEA member state). Please give your S1 form to the practice staff.

How will your EHIC/PRC/S1 data be used? By using your EHIC or PRC for NHS treatment costs your EHIC or PRC data and GP appointment data will be shared with NHS secondary care (hospitals) and NHS Digital solely for the purposes of cost recovery. Your clinical data will not be shared in the cost recovery process. Your EHIC, PRC or S1 information will be shared with The Department for Work and Pensions for the purpose of recovering your NHS costs from your home country.

Welcome to Kingsteignton Medical Practice
New Registrations for Babies and Children
Under the age of 16

Please complete the Registration form and our New Patient Health Questionnaire along with this form. It is vital that you provide us with their NHS number in order for us to register them – you will find this number in your *red book for under 5's*.

If you have a newborn baby please remember you need to make an appointment for a **6 week check** with your GP

We **do not** accept registrations via the post or letter box, these documents must be handed in via our reception desk or to a Health Visitor

If, as a parent, you are applying for access to your child's records, we will need you to confirm your parental rights. If your child is competent and able to understand the implications of your access, then we will need to get their consent between the ages of 13 to 16 years of age. If you wish to access your child's online record, please ask Reception for the SystemOnline patient consent form. Once the child reaches age 16 all proxy access will be stopped.

Please complete SMS/Text and Email Contact Consent Form.

SHARING YOUR NHS PATIENT DATA

Information sharing in the NHS is subject to rigorous regulation and governance to ensure your full identifiable and personal medical data is kept confidential and only ever seen by carefully vetted doctors, nurses and administrative staff responsible for overseeing your care.

With the development of information technology the NHS will increasingly be sharing key information from your GP medical notes with Out of Hours GP Services, Hospital A&E Units, Community Hospitals, Community Nurses all of whom may at various times in your life be looking after you. Sharing information can improve both the quality and safety of care you receive and in some cases can be vital in making life-saving decisions about your treatment.

There are currently two different elements of “sharing NHS patient information”

- **SCR = The NHS Summary Care Record**
- **EDSM = The Enhanced Data Sharing Model “SystmOne”**

We ask you please to read the information on this document carefully and complete the relevant fields on the attached form and return it to your GP surgery.

SCR = NHS SUMMARY CARE RECORD

The NHS Summary Care Record was introduced many years ago to help deliver better and safer care; it contains basic information about:

- Any allergies you may have,
- Unexpected reactions to medications, and
- Any prescriptions you have recently received.

The intention of the SCR is to help clinicians in Hospital A&E Departments and GP ‘Out of Hours’ health services to give you safe, timely and effective treatment. Clinicians are only allowed to access your SCR record if they are authorised to do so and, even then, only if you give your express permission. You will be asked if healthcare staff can look at your Summary Care Record every time they need to, unless it is an emergency, for instance if you are unconscious. You can refuse if you think access is unnecessary.

Over time, health professionals treating you may add details about any health problems and summaries of your care. Every time further information is added to your record, you will be asked if you agree (explicit consent).

Patients under 16 years have an NHS Summary Care Record created for them so if you are the parent or guardian of a child then please either make this information available to them or decide and act on their behalf.

EDSM = ENHANCED DATA SHARING MODEL “SYSTEMONE”

The database and software used to store your GP health record is called “SystmOne” it is a very secure national system used by over 2000 GP practices and 4800 NHS organisations including GP out of hour’s services, children’s services, community services and some hospitals. All the GP Practices in the Newton Abbot locality use this same confidential clinical computer system. The system gives your GP the facility to share your record with other NHS health providers that use the same clinical computer system and are involved in your care for example the local Community Nurses who may look after you if you when you leave hospital or become terminally ill or housebound. Allowing your GP to share your record in the “SystmOne” database helps to deliver better and safer care for you. It is the policy of all local GP practices to automatically opt registered patients into “SystmOne” sharing unless they expressly decline. Those patients who choose to decline are able to determine if their data is “shared out” and/or “shared in”

Sharing OUT controls whether information recorded at our GP practice can be shared with other NHS health care providers.

Sharing IN determines whether or not our GP practice can view information in your record that has been entered by other NHS services who are providing care for you or who may provide care for you in the future (*that you have consented to share out*).

To The GP Medical Practice Admin Support Team

NHS PATIENT INFORMATION SHARING – MY CHOICES

Please complete the boxes below to detail your personal decisions regarding the aspects of NHS patient data sharing:

It is very important you sign this form to say that you understand and accept the risks to your personal health care if you do decide to opt out of SCR or EDSM. Hand the completed form in to your GP Surgery; they will scan this form into your NHS GP Medical Records and enter the appropriate computer codes.

GP Practice	
--------------------	--

Patients full NAME	
---------------------------	--

Patients DATE OF BIRTH	
-------------------------------	--

1. SCR - NHS SUMMARY CARE RECORD

Please tick only one box.

- Express consent for medication, allergies and adverse reactions only
- Express consent for medication, allergies, adverse reactions and additional information
- Express dissent – Patient does not want a summary care record and fully understands the risks involved with this decision

2. EDSM – ENHANCED DATA SHARING MODEL “SystemOne”

Sharing Out – Do you consent to the sharing of data recorded by your GP practice with other NHS organisations that may care for you?

- YES share data with other NHS organisations
- NO do NOT share any data recorded by my GP Practice; I fully accept the risks associated with this decision

Sharing In – Do you consent to your GP Practice viewing data that is recorded at other NHS organisations and care services that may care for you?

- Consent Given
- Consent Refused; I fully accept the risks associated with this decision.

GENERAL DATA PROTECTION REGULATION INFORMATION

Your Data

The General Data Protection Regulation is a new law that determines how your personal data is processed and kept safe. Kingsteignton Medical Practice is responsible for informing you about the data we hold, what it is used for and to allow you more control over the data we hold.

We already have the facility to allow our patients access to some of their records on line. The online service enables you to:

- Book appointments
- Order repeat prescriptions
- View your summary care record. This gives details of allergies and any prescriptions you have recently received.
- Detailed Patient Record
- Change contact details

You can request on line access by completing the patient Consent Form for Online Services and bringing ID with you.

How we contact you

We contact patients for a number of reasons related to their health needs at the time. Much of the contact is by telephone and it is important that you update us when changing land line numbers and/or mobile numbers. We also use text and email as well as the post. Our preference is to use text or email as it is a quick and cost effective method of communication to use.

We do need to have your consent to contact you by text or email. Most contact is made by SMS text. If you consent to the Practice contacting you by SMS(Text) you could receive the following types of communication:

- Confirmation and reminders of appointments
- Invites (if relevant) to clinics such as Flu, Health Checks, Chronic Disease clinics
- Requests for key information to do with your health
- Messages to call us if we have been unable to contact you by phone
- Links to our website when new services are launched that may be of interest such as the new online consultation facility or links to a survey when we need feedback.

We do not send any information regarding your health such as test results by text unless you expressly ask us to do so and the clinician agrees.

If you consent to the Practice contacting you by email you could receive the following types of communications:

- Invites (if relevant) to clinics such as Flu, Health Checks, Chronic Disease clinics
- Links to our website when new services are launched that may be of interest such as the new online consultation facility or links to a survey when we need feedback.
- Our newsletter
